

# DHI-ART-ARC3000H-03-FW2

## Alarm KIT

- Supports 150 wireless peripherals (6 sirens, 64 wireless keyfobs).
- Peripherals status display (signal strength, battery level, temperature, program version).
- Wired, Wi-Fi, 4G, 3G or GPRS network connection.
- Dual SIM and Single Standby, auto switching.
- Automatic network replenishment (ANR).
- Video linkage on App.
- SOS emergency alarm.
- Frequency hopping function and two-way communication technology ensure communication stability.
- Cloud update and automatic recovery from update failure.

### System Overview

An all new industrial design and advanced technological system, makes the new generation of wireless alarm products easier to install, look better, communicate more reliably and perform more stably. From the comfort of the mobile apps DMSS (for end users) and DoLink Care (for installers), receive notifications in real-time, control and manage your devices, perform remote operations, and more.

### Scene

Mainly applied for villas, shops, apartments, etc.

### Technical Specification

#### Input and Output

| Sensor                                   | Door Detector: Reed switch<br>PIR Detector: Dual elements low-noise PIR sensor |
| Test Mode                                | Door Detector: Yes<br>PIR Detector: Yes                                        |
| Scenario                                 | Door Detector: Non-metal doors                                                 |
| Movement Distance                        | Door Detector: < 40 mm (1.57")                                                 |
| Detection Mode                           | PIR Detector: PIR                                                              |
| Detection Range                          | PIR Detector: 12 m (39.37 ft) (90°) with installtion height of 2.2 m (7.21 ft) |
| Detection Speed                          | PIR Detector: 0.3 m/s–3 m/s (0.98 ft/s–9.84 ft/s)                              |
| Pet Immunity Level                       | PIR Detector: ≤ 18 kg (39.68 lb)                                               |
| White Light Resistance Level             | PIR Detector: 6500 lx                                                          |
| Two-way Digital Temperature Compensation | PIR Detector: Yes, no attenuation of detection distance in high temperature    |
| Sensitivity                              | PIR Detector: 3 levels adjustable                                              |

## General
